

# Star Wars

## Part 2 Camp Spotlight

July 29-August 2, 2019  
1:00-4:30 PM, \$41 per day

Make it a full day for \$82 by adding  
a morning camp!

One week of Star Wars just isn't enough! This week will include the best from week 1 and have new and innovative activities as well! It takes a lot of work to become a Jedi – creativity, intuition, and lots of acrobatics!

May the force be with you, young padawan.

**Monday - Follow the Force.** Discover the way to the good side! We will be following clues to find our comrades and save them before the Death Star is activated, and of course work on our Jedi acrobatics on the way.

**Tuesday - Lightsabers!** One can never have too many lightsabers...Every Jedi will make a lightsaber to take home! We will begin the day making our lightsabers that we will use throughout the day. Jedi will use their lightsaber to knock down Empire buildings (foam towers,) and keep Rebel ships in the air.

**Wednesday - Pod-Racing.** Our Padawan (young Jedi-in-training) can be wearing their robes as they try to complete Jedi circuits and improve their sense of bravery and balance. Pod-racing is also a favorite Padawan activity and we will be making our own pod-racers and trying to make it around the track.

**Thursday - Spaceships & Droids!** It isn't Star Wars without plenty of spaceships and droids! We will be building ships out of mats, and working to cross the green galaxy without falling off our ships! We will make fighter planes and send them soaring from great heights! Each camper will make a TIE fighter to take home.

**Friday - Time for Battle.** Time for the official battle day - Jedi versus Sith! Lots of games with a Star Wars twist! Our coaches will be embracing the dark side and our campers will need to work together to defeat the Sith once and for all!

### Airborne Gymnastics & Dance

1816 Boston Ave., Longmont, Colorado 80501 (303) 651-1456

3773 Monarch St., Frederick, Colorado (720) 708-3606
