

Winter in July

Camp Spotlight

July 6-10, 2020

1:00-4:30 PM, \$44 per day

Make it a full day for \$88 by adding a morning camp!

Just as summer is heating up, Airborne is ready to chill out! Kids love the silliness of celebrating all things winter in the middle of summer. Beat the heat in our winter wonderland! We will build igloos and make snowflakes, climb Mt. Everest and search for the Yeti – and then climb Mount Crumpit and avoid the Grinch! Nightmare before Christmas will turn into the Nightmare after the 4th of July - our campers will have to save Jack after he's stolen by the Boogieman and trapped in a new holiday! This is a week everyone will be ready to enjoy!

Monday: Home Alone – A classic movie, and a classic day of Airborne fun! After spending some quality time making a "house", campers will play an epic game of "Burglars beware". A day full of obstacles-making and meeting new friends, crafting tricks and completing feats!

Tuesday: Abominable – Have you ever wished you had your own Yeti? Well, we're going to go in search of "Everest" - the magical creature who lives in the Himalayas. He has been taken from his home and it's our job to get him back. We will practice mountain climbing to save our friend and see what adventure his magical abilities unlock. Climb through the giant blueberries (foam blocks) and see how high you can float off of our super bouncy trampolines.

Wednesday: The Grinch – Join the Whos in Whoville preparing for Christmas, but be careful, because there might be a Grinch lurking about! Help us "decorate" by building a great Who-Fort and obstacle course. Take a turn as a Grinch and see how fast you can steal all the presents (foam blocks), climb to the top of Mount Crumpit, and build a sleigh with Max the faithful pup! We hope to see you in Whoville this holiday season!

Thursday: Nightmare Before Christmas – The holidays are creeping and crawling around Airborne! Wander through Halloweentown, stop by Dr. Finkelstein's lab and make a potion with Sally, then travel down to Oogie Boogie's lair... but avoid those boogie traps on the way! Happy Halloween... err... Merry Christmas... err.... 4th of July?! What holiday is it, and where is Jack Skellington? Come solve the mystery and get these holidays back in order.

Friday: Frozen – Snow ball fights, building snowmen, and all things wintery! We will be relishing in the season and filling our day with joy, crafts, and plenty of winter-themed games! Be ready to make an igloo and hide from the giant monster, and go "ice skating" on the pond. Enjoy a delicious frozen treat for snack. Winter is wonderful at Airborne!
